MEMORANDUM FOR: Acting Director of Central Intelligence

FROM: David D. Gries
D/OCA

SUBJECT: Legislative Developments in the First Session
of the 99th Congress and Outlook for the
Second Session

1. Attached for your information is an excerpt from a recent memorandum to me from my staff on the above subject. I have included the "Overview" section as well as a chapter summarizing the contents of both the FY-1986 Intelligence Authorization Act and our proposed FY-1987 bill now awaiting action by the Office of Management and Budget.

2. The excerpt is part of a longer (34-page) report that this office prepares each year and circulates to concerned components (OGC and Comptroller). It goes into considerable detail on action taken or planned on a number of key legislative fronts, including Central America and retirement. If you wish, I can provide the entire report to you.
